The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chairwoman Granger and Ranking Member DeLauro:

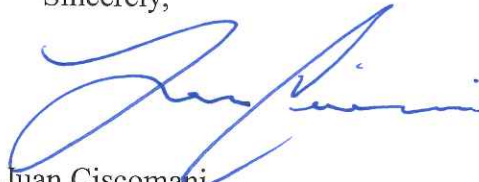

I am requesting funding for the Hunter Estates Drainage Mitigation and Design project in fiscal year 2024. The entity to receive funding for this project is Town of Duncan, located at 506 SE Old West Hwy Duncan, Arizona 85534.

The funding would be used for activities to place 20 culverts in order to immediately mitigate ongoing flood issues in the Hunter Estates development of Duncan, Arizona. Additional activities include Design and Other Engineering Services for the future paving of 21,100 linear feet of surface street for transportation usability and connectivity. The project is an appropriate use of taxpayer funds because the Town of Duncan is almost entirely composed of undeveloped dirt roads, where the Hunter Estates area has almost no paved areas whatsoever, this has resulted in substantial and ongoing repair and maintenance costs during precipitation events.

The project has a Federal nexus because the funding provided is for purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
